## **DIESEL SIGNATURE STRATOCASTER® LIMITED EDITION**

To celebrate 30 years since Mark 'Diesel' Lizotte stepped off the bus in Sydney, Fender® has teamed up with Mark to create a unique instrument that celebrates his legacy, while paying homage to the guitar that helped 'Diesel' become a household name.

Blending a brash '80's look with modern playability and maturity, this guitar has been designed to look and sound every bit as cool as its namesake.

Loaded with Texas Special pickups to encompass Mark's blistering blues rock tone, an Ash Body, 70's large headstock, Soft V neck profile, 22 medium jumbo frets and an Aged White pearloid pickguard with contrasting black pickup covers and knobs.

*"This guitar rings a lot of bells for me — visually and sonically speaking it's where it all started"*

Fender® STRATOCASTER™
